GEORGE A. GORHAM, Auditor.

Houlton, March 10, 1897.

Report of Board of Education.

The Schools of the town have been in session thirty-three weeks during the past School year. During this time commendable advancement has been made, with but few exceptions.

The average attendance in the schools throughout the town has been good.

Since 1889 this town has erected eight new buildings for school purposes at an expense of about \$35,000. Few towns in the State, of the size of Houlton afford equal school facilities.

There are now, in Houlton thirteen School houses. Repairs will be needed upon the Cary Mills School house the coming year. The furniture in the Central Building should be renewed and revarnished; some of this furniture was in use in the old School Building. While several other School Buildings in the different sections of the town need painting and other improvements.

The Board of Education are of the opinion that no outlay of money on the part of the town in matters pertaining to education, is of more importance than a wise and prudent expenditure in the improvement and repair of School buildings. In every case where the condition of School buildings has been improved the Board of Education has observed an increased interest on the part of citizens and pupils alike, and a correspondingly marked progress in deportment and studies in the school.

The sum of \$850.00 is asked for to meet the repairs the coming year. This amount will be needed to make the repairs necessary to maintain the Schools in good condition.

In our last annual report, we referred to the need of some repairs upon the Donovan School house. Upon examination

it was found that more extended repairing, than was at first expected, would be called for. The Building has been thoroughly overhauled, provided with modern School furniture and is now in excellent condition for school purposes.

Some evil minded and depraved individuals have seen fit to injure and disfigure the School houses located near the Deasy farm, on the North road, and near Moose Brook, on the County road. A reward of \$20, has been offered, by the school authorities, for information leading to the arrest and conviction of said parties.

The statutes are very plain and rigid on this point and the Board of Education intend to punish to the full extent of the law any one found guilty of an offence of this nature.

Transportation to and from school has been provided for the scholars living in the eastern part of the town, on Military road, during the winter term.

The town of Hodgdon has paid tuition for five pupils at Cary Mills School. This is done as an accommodation to certain families living near this school.

Tuition has been furnished to Free High School scholars at Ricker Classical Institute, according to the terms arranged by vote of the town at the last annual meeting.

Attendance for the year was as follows: 66 at the summer term; 88 at the fall term; 83 at the winter term.

Cost to the town \$ 1200.00

Cost to the State 250.00

Total \$1450.00

The pupils who passed the regular examination, June 26, 1896, to admit them to Ricker Classical Institute, as Free High School scholars, are:

Archibald, Bernard

Browne, Clare L.

Burpee, Mary G.

Burpee, George

Report of Board of Health.

There have been reported to the Board of Health during the year, the following cases of contagious diseases:

Typhoid Fever, 27 cases with one death; Scarlet Fever, 7 cases, with no deaths; Diphtheria, 3 cases, with no deaths; One death occurred which was not reported to the Board, probably from diphtheria. The exact number of contagious cases that have occurred, we are unable to state, as a number of instances have come to our knowledge in which no report was made to the Board.

About fifty nuisances have been visited and attended to, such as heaps of refuse, uncleaned vaults, &c. All cases complained of were looked after immediately. Several tours of inspection have been made by the Board through the populated portion of the village and the owners of nuisances notified of their existence when found. Our requests with few exceptions have been cheerfully complied with.

Secy., Board of Health.

Chief Engineer's Report.

To the Selectmen and Citizens of Houlton :

I respectfully submit my report as Chief Engineer of the Fire Department, for the past year.

The department stands in its usual good condition.

The alarms have been as follows :

May 6, 1896, alarm rung at 3 P. M.—fire in Mrs. Glidden's house on Pleasant St., also spreading to Friedman's house. By good work the firemen succeeded in saving both houses with slight damage.

May 12, 1896, alarm rung at 8.10 A. M.—fire in ell of Robert Palmer's buildings on Main St. Damage slight; one fireman badly cut.

May 16, 1896, alarm rung about 10 A. M.,—McLane house on Bangor St. Fire Company responded very promptly and succeeded in saving building with slight damage.

June 25, 1896, slight fire in Hutchinson's Laundry; no hose laid.

Oct. 14, 1896, alarm rung at 7.30 A. M.,—fire in Theo. Cary's building on Main St. Firemen responded very promptly and averted what might have been a bad fire, with slight damage.

Nov. 21, 1896, alarm rung at 5.45 P. M.,—fire in the Geo. Whenman's building on Main St., above C. P. R. Station; building quite badly damaged, owing to long distance from engine house.

Dec. 17, 1896, alarm rung at 6.30 P. M.,—fire in F. F. Frisbie's store on Union Square, caused by lamp exploding; slight damage.

Dec. 25, 1896, alarm rung at 10.30 A. M.,—chimney burning out in L. Power's house on Main St; no damage.

Dec. 28, 1896, alarm rung at 10.15 A. M.,—burning of chimney in Whenman's blacksmith shop; no damage.

Jan. 28, 1897, alarm rung at 8.30 A. M.,—chimney burning in Chandler house, Market Square; no damage.

Feb. 25, 1897, alarm at 3.30 P. M.,—burning chimney in Lowe house, High St; no damage.

Mar. 4, 1897, alarm at 3.45 p. m.,—House of I. M. Hill, Calais St. The department responded promptly, but the stable was well on fire before the alarm was given. Had it not been for the bursting of the suction, this fire would have been confined to the stable. House and ell badly damaged.

Thanking all for any assistance rendered,

I remain respectfully,

S. C. WEBBER, Chief Engineer.
